EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Molly Sauter on March 8, 2006.

The application has been amended as follows:

In Claim-1, After Line-2,

INSERT

--providing an inhibited monomer composition—

In Claim-1, Line-3,

AFTER 'deinhibiting'

DELETE 'a' and

INSERT

--said-

CANCEL Claims 23-25

Application/Control Number: 10/604,735

Art Unit: 1751

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-22 are allowed as amended over the arguments by the applicants and the prior art of

record that neither teaches nor fairly suggest a method of preparing the polymer-carbon nanotube

composite by the specific method steps, particularly providing an inhibited monomer, deinhibiting the

monomer and dissolving the resultant composite in a solvent. The inherent presence of these critical

steps in the art methods could not be established with absolute certainty.

Any comments considered necessary by applicant must be submitted no later than the payment

of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such

submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should

be directed to Kallambella Vijayakumar whose telephone number is 571-272-1324. The examiner can

normally be reached on 8-5.30 Mon-Thu, 8-4.30 Alt Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor,

Douglas McGinty can be reached on 571-272-1029. The fax phone number for the organization where

this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application

Information Retrieval (PAIR) system. Status information for published applications may be obtained from

either Private PAIR or Public PAIR. Status information for unpublished applications is available through

Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should

you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC)

at 866-217-9197 (toll-free).
